

# Fourth Grade

*“It is our privilege to serve the Lord by teaching and ministering to the children that God has placed before us. It is our ministry to prepare them - both academically and spiritually - for what God has in store for their lives. Our goals are to fill our students with the knowledge and love of God, prepare them academically for fifth grade, and help them develop an appreciation for the State of Wisconsin in the context of the fourth grade curriculum.”*

Mrs. Sarah Anderson & Mrs. Amy Steiner

## RELIGION

**Christ Light** is a study of Bible stories from the Old and New Testaments. Students begin their study with the Children of Israel entering the Promised Land and continue through the remainder of Old Testament history. The New Testament study centers on the Life of Jesus.

## ART

The students explore and express their creativity using a variety of media, while learning the elements of art with projects designed to teach art skills.

## FIELD TRIPS

- ◆ Fine Arts Production     ◆ Nature Study
- ◆ Madison Capitol Tour     ◆ Farm Tour
- ◆ Stoney Hill School/Pioneer Village
- ◆ State Historical Museum

## TECHNOLOGY

**Learning.com** is the web-based curriculum used. Students focus on learning the components of Word, Excel and Publisher. They create projects using the learned tools to communicate with an audience. Internet safety and keyboarding is also addressed.

## MATH

**Reveal Math** is a comprehensive study of math concepts that are introduced and built upon all year long. Basic computation, place value, numeration, decimals, fractions, geometry, and algebraic introductory skills are just a few concepts that are covered. The Reveal Math series encourages students to build a mathematical mindset and ask questions about the world around them.

## SOCIAL STUDIES

**Heritage Studies** and **The Wisconsin Journey** are the two textbooks used for fourth grade social studies. The students receive a brief overview of the history of the United States along with the history of Wisconsin. They also learn about the regions and geography of Wisconsin. In addition, economics and regions of the United States are under study.

## SCIENCE

The children learn about God’s creation while studying Earth, Life, and Physical sciences using the **Savvas Elevate** series. Hands-on activities are used to teach a variety of topics. Energy, Earth’s features, and the human body are just a few of the topics under consideration. Throughout each unit, STEM practices are utilized.

## READING and SPELLING

**Savaas My View Literacy:** This program is an interactive ELA curriculum grounded in the Science of Reading. Each unit encourages students to answer science and social studies based questions through the exploration of various stories and genre studies. Units cover topics such as neighborhoods/networks, animal adaptations, communication, and planetary features. Weekly spelling studies are focused on patterns and common usage.

## ENGLISH

The **Smekens** comprehensive writing curriculum integrates the six traits of writing into its lessons. The curriculum teaches writing to persuade, inform and entertain. The **Patterns of Power** curriculum teaches grammar topics, including parts of speech and conventions of writing.

**Focused on Excellence † Centered on Christ**
